Re: JCM Industries + COVID19 Response

JCM Industries understands it is vital to support our Nation during this unprecedented time.

In accordance with the Homeland Security, Cybersecurity and Infrastructure Security Agency (CISA), JCM Industries, Inc. is deemed an "essential business" as part of the Critical Manufacturing Sector. As such JCM will continue to operate during normal business hours and maintain our emergency response capabilities for the Water, Wastewater, Industrial and other essential infrastructure markets.

JCM is closely monitoring recommendations provided by the CDC and the COVID19 Task Force and we are implementing updated processes and procedures. To ensure and maintain an improved, safe & clean work environment for our employees and visitors, we perform multiple cleanings throughout the day, disinfection of surfaces, limit access to our facility, and other essential steps to prevent exposure to this virus.

JCM continues to do its part in providing clean drinking water and dependable wastewater services that are essential to everyone's good health.

Should you have any questions regarding the impact of Covid-19 on your business or any other matter we can assist you with, please do not hesitate to contact the JCM team.

Best regards,

John Collins
CEO – JCM Industries, Inc

JCM
